rita@ritajane.com

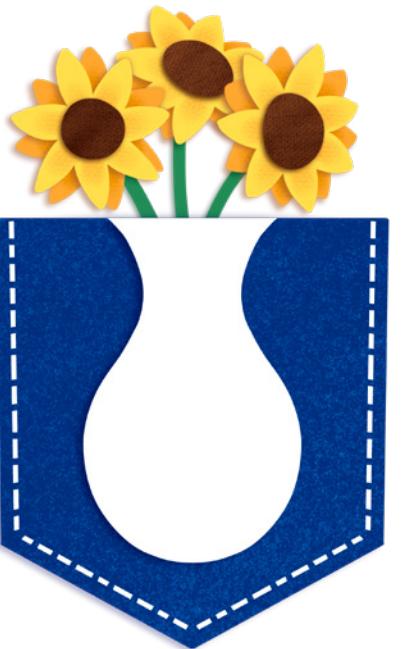

Hi there,
I'm Rita Jane!

I am a children's illustrator, educator and surface pattern designer who creates artwork to empower, inspire and delight!

My playful illustration style and my decade of teaching children around the world provides me with a unique set of skills to create designs truly for children, considering their cognitive development, social-emotional skills, and love of fun!

My fondness for analogue collage strongly influences my digital creations, incorporating the textures, shadows and authentic imperfections of working with one's hands.

Once a teacher, always a teacher - You'll find a joke or fun fact on every page! Happy reading!

Did you know?

Sunflowers aren't just one flower! Their heads are made up of thousands of tiny flowers, called florets.

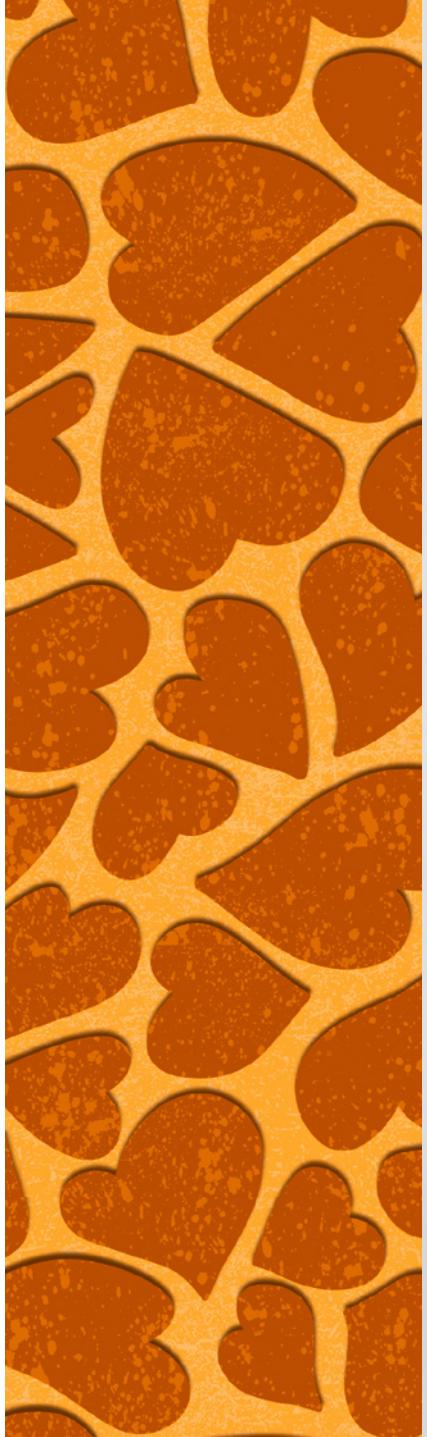

COOKIE CONSTRUCTION

Did you know?

Queen Elizabeth I is credited with the invention of gingerbread men! She asked her bakers to make cookies in the likeness of visiting dignitaries.

TOO
TALL
**to think
small**

Did you know?

Giraffes are big-hearted. Their hearts weigh around 11kg so that the blood can pump all the way up that loooooong neck!

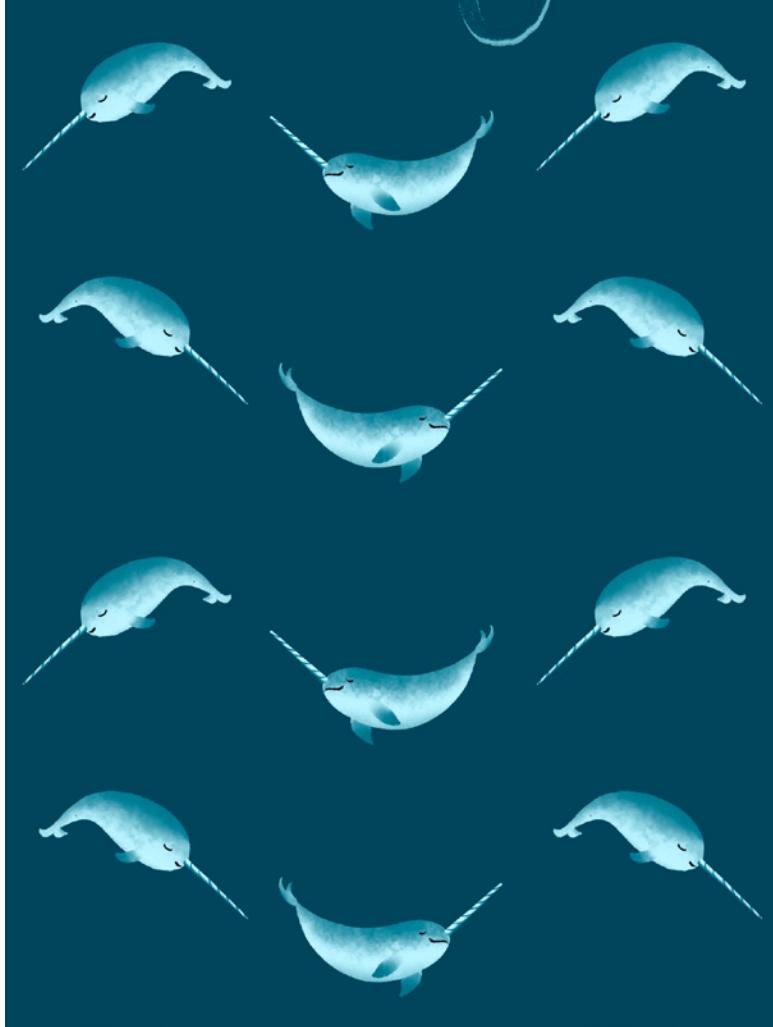

I NEED SOME

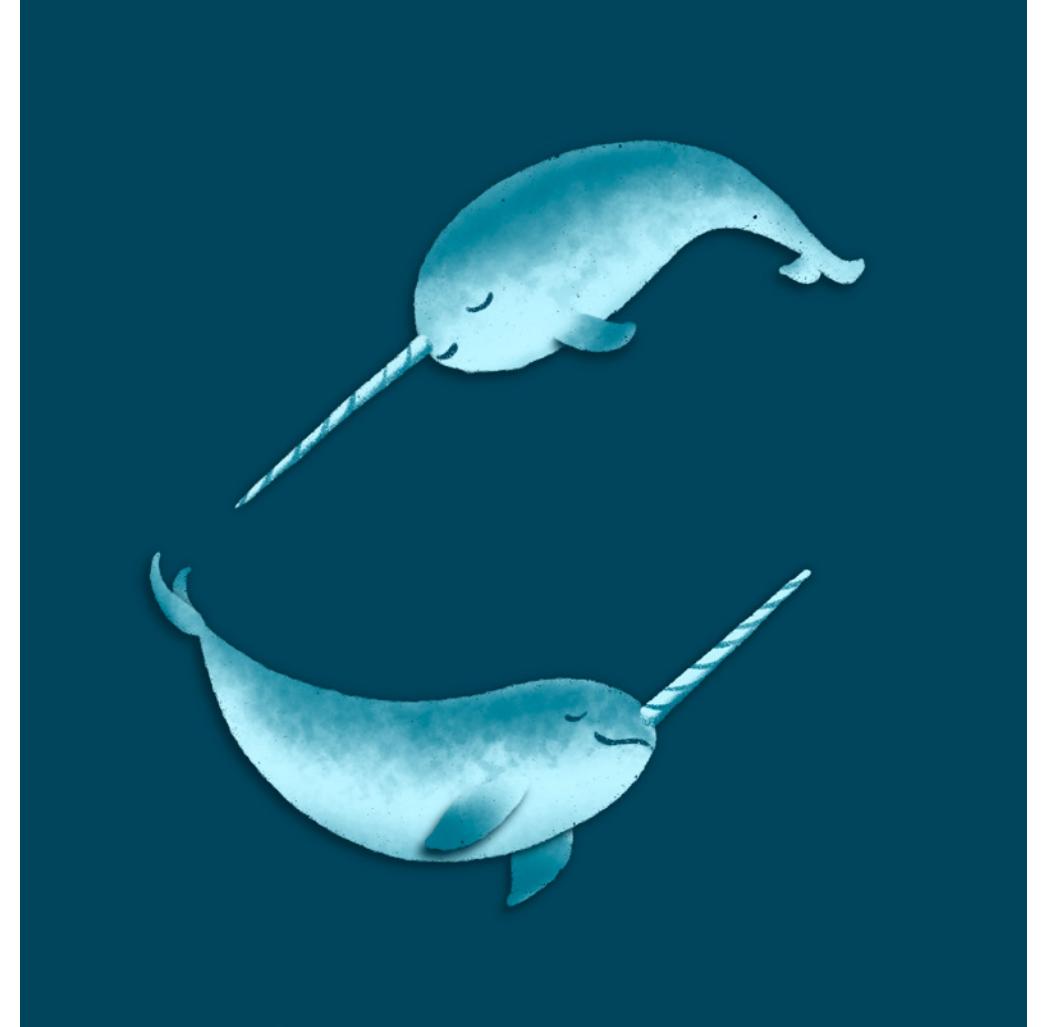

How do you organise a
party in space?

You plan-et!

nimble narwhals

Did you know?
A narwhal's tusk is actually one of its two teeth!

What did the scarf say to
the hat?
*I'll hang around here.
You go on a-head!*

Dressing Up^{in style}

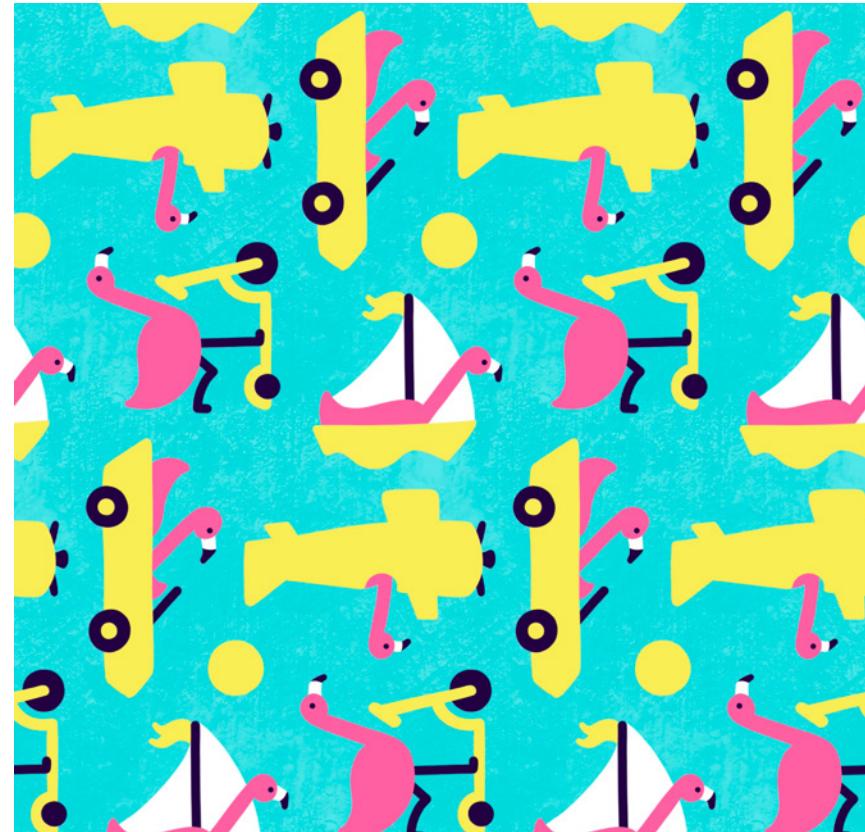

What is a witch's
favourite lesson?

Spelling!

Did you know?
A group of flamingos is called a
*flamboyan*ce!

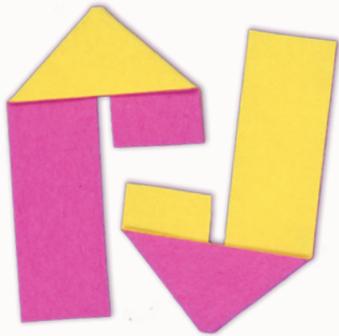

Did you know?

You can turn 'SWIMS' upside down
and it will still look the same!

POOL
PARTY

Rita Jane

I love collaborating with brands who make
wonderful clothing for wonderful children.
